PEST analysis for your business

Work with a partner.

Choose one business together. Explain how outside changes could help or hurt it.

30 minutes

Activity sequence

Instructions and grading: 3–5 min
Business and target market: 2 min
P / E / S / T: 3 min each = 12 min
Business summary: 5 min
Buffer and Terms to Know: 6–8 min

A 30-minute planning window

Your PEST work

Accurate external factors
Examples connected to your business
Positive and negative impacts with reasons
A summary explaining business responses

Success criteria

Clear business explanations

Use business terms and complete thoughts.

“This could affect our business because…”
“Our business could respond by… because…”

Use your textbook and notes. Rehearse your explanation with your partner.

Both partners explain why

Political influence

Stricter food-safety rules

+ Compliance may strengthen customer trust.

– Training and equipment may increase operating costs.

Second reveal: negative impact

Business and target market

Choose one business together.
Write both names and the target market.

One partner explains; the other records.
Switch roles for each PEST category.
Both partners contribute reasoning.

2 minutes

P Political

Government policies, laws, or intervention

What outside rule or policy could affect this business?

Together: factor/example, + and – impacts. Explain why. Switch explainer/recorder.

3 minutes

E Economic

Inflation, consumer income, exchange rates, or credit

What outside economic change could affect costs or demand?

Together: factor/example, + and – impacts. Explain why. Switch explainer/recorder.

3 minutes

S Social

Population, education, social patterns, or preferences

What change in the customers or community could affect demand?

Together: factor/example, + and – impacts. Explain why. Switch explainer/recorder.

3 minutes

T Technological

Access to technology or the rate of technological change

What outside technology change could affect access, service, or competition?

Together: factor/example, + and – impacts. Explain why. Switch explainer/recorder.

3 minutes

Business summary

How could your PEST findings affect the business's potential success?

How would the business use a positive impact?
How would it respond to a negative impact?

Explain the reason for each response.
Agree on your response together.

5 minutes

Completion check and Terms to Know

Business and target market
All four PEST sections
Connected examples and explained + / – impacts
Summary with business responses

Then practise Terms to Know for Thursday’s quiz.

Remaining 6–8 minutes
