

Tech Troubleshooting Team: Creating a Troubleshooting Guide in Google Slides

Create. Add. Share.

Create something digital that clearly shows your ideas.

1

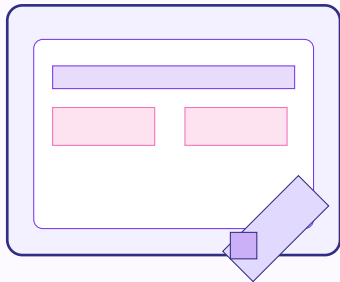

Plan it

2

Make it

3

Share it

Today's Mission

Our focus

Create something digital and make your ideas clear.

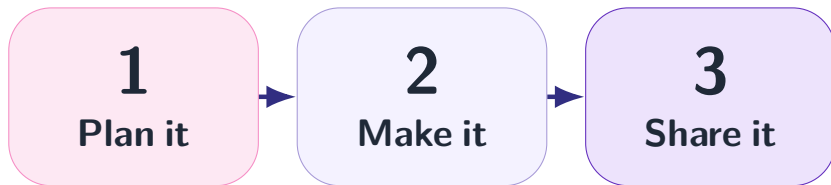

- ▶ I can finish my work.
- ▶ I can show one smart choice I made.
- ▶ I can share my work with a screenshot, demo, or quick talk.

Grade 2

Create something digital that clearly shows your ideas.

Keep the next step visible and keep trying.

How We Will Move Through It

What to keep in front of you

- ▶ Watch the first step.
- ▶ Use the checklist or example.
- ▶ Pause, check, and keep going.

If You Get Stuck

Use this help ladder

1. Look at the slide.
2. Try one small step.
3. Ask your partner.
4. Ask one clear question.

If directions feel tricky,
check the example.

Look for the success
check on the slide.

Saving early protects
your hard work.

Show What You Learned

I can finish my work.

I can show one smart choice I made.

**I can share my work with a
screenshot, demo, or quick talk.**

Finish strong

Save it, share it, explain it, or demonstrate it.
