

MineCraft: Cyber Security Home Sweet Hmmm

Build. Code. Test.

**Build and code
your way through a
Minecraft challenge.**

1

Build it

2

Code it

3

Test it

Today's Mission

Our focus

Use Minecraft code to solve a build challenge.

- ▶ I can finish my work.
- ▶ I can show one smart choice I made.
- ▶ I can share my work with a screenshot, demo, or quick talk.

Grade 3

Build and code
your way through a
Minecraft challenge.

Keep the next
step visible and
keep trying.

How We Will Move Through It

What to keep in front of you

- ▶ Watch the first step.
- ▶ Use the checklist or example.
- ▶ Pause, check, and keep going.

If You Get Stuck

Use this help ladder

1. Look at the slide.
2. Try one small step.
3. Ask your partner.
4. Ask one clear question.

Sign-in or menu

navigation can block
learning before

coding even starts.
Skipping direc-

tions can make the
next step harder.

A tiny test is better
than a giant guess.

Show What You Learned

I can finish my work.

I can show one smart choice I made.

**I can share my work with a
screenshot, demo, or quick talk.**

Finish strong

Save it, share it, explain it, or demonstrate it.
