Monday Chapter 2 lesson

START 0–1 min 1 minute

Today: explain SMART goals and milestones.
Use these ideas to strengthen your Chapter 2 review.

0–4 min	Start and think about one goal
4–20 min	Read, discuss and complete notes
20–37 min	Work on Q4, Q5 and Q8
37–42 min	Recall, check and save

Open your book, slide 9 notes and Test Your Knowledge.

A goal for the sneaker store

START 1–4 min 3 minutes

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

What makes this goal clear and checkable?

Fictional example Think first. Be ready to point to one detail.

Reading and notes: strategy and goals

READ AND TAKE NOTES 4–10 min 6 minutes

Open printed pp. 20–21 and your school slide 9 notes.

Read Marketing Strategy and Sales and Marketing Goals.
Then examine Figure 2.2 on p. 21.

Complete the matching notes as we read.
Find the five words represented by SMART.

Next: use the same sneaker-store goal to explain each word.

Specific

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What exactly will increase?

Chapter 2 pp. 20–21 Figure 2.2

Specific

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What exactly will increase?

Sneaker sales

Chapter 2 pp. 20–21 Figure 2.2

Measurable

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

Which numbers let us check progress?

Chapter 2 pp. 20–21 Figure 2.2

Measurable

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

Which numbers let us check progress?

From 20 to 24 pairs per week

Chapter 2 pp. 20–21 Figure 2.2

Achievable

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What evidence makes this realistic?

Chapter 2 pp. 20–21 Figure 2.2

Achievable

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What evidence makes this realistic?

The team has sold 24 before and has enough stock

Chapter 2 pp. 20–21 Figure 2.2

Results-focused

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What outcome does the store want?

Chapter 2 pp. 20–21 Figure 2.2

Results-focused

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

What outcome does the store want?

Increased sneaker sales

Chapter 2 pp. 20–21 Figure 2.2

Time-bound

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

When must the store reach the goal?

Chapter 2 pp. 20–21 Figure 2.2

Time-bound

SMART CHECKS 10–13 min 3 minutes for all five criteria

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

The store sells 20 pairs a week. The same team has sold 24 before and has enough stock.

When must the store reach the goal?

By November 13

Reading and notes: milestones

READ AND TAKE NOTES 13–17 min 4 minutes

Read the milestone paragraph on p. 21.
Continue through the four steps on pp. 22–23.

Complete the milestone section of your slide 9 notes.
Look for what to set, explain, measure and review.

Skip the boxed Practical Marketing case on p. 22.
Stop before Market Research on p. 23.

A milestone before the final goal

MILESTONE EXAMPLE 17–19 min 2 minutes

By November 13, increase weekly sneaker sales from 20 to 24 pairs.

What smaller result could we check before November 13?

Suggest one checkpoint and a date. Chapter 2 p. 21.

A milestone checks progress

MILESTONE EXAMPLE 17–19 min 2 minutes

1 Checkpoint: 22 pairs in one week by October 30.

2 Action: repeat the promotion with available stock.

3 Measurement: check the weekly sales log.

4 Review: examine the results and adjust the plan.

Notes check before independent work

READ AND TAKE NOTES 19–20 min 1 minute

Check your slide 9 notes.

Do you have all five SMART criteria?
Did you include what a milestone does and its four steps?

Mark a gap and ask for help.
Keep your notes open for the review questions.

At minute 20, begin independent work.

Chapter 2 independent review

INDEPENDENT WORK 20–37 min 17 minutes

Use your existing Test Your Knowledge worksheet.

Q4 Why does identifying the target market matter?
p. 23 and Chapter 1 notes

Q5 Explain the plan’s elements, design and purposes.
Brief paragraph using p. 19

Q8 Name and explain all five SMART criteria.
pp. 20–21, Figure 2.2

Then finish missing Q1–3. Save your work for test preparation.

Preparation for Friday’s Chapter 2 test

FINISH 37–42 min 5 minutes

First, recall without looking
Explain SMART. How does a milestone support a goal?

Then check and correct your existing answers
Q4: why the target market matters
Q5: plan elements, design and purpose
Q8: all five criteria using Figure 2.2 on p. 21

Save your work. Flag one unclear point for help.
