

# Tech Troubleshooting Team:Solving Chromebook Issues

Try. Check. Fix.

**Use the tool carefully and  
solve one tech problem.**

**1**

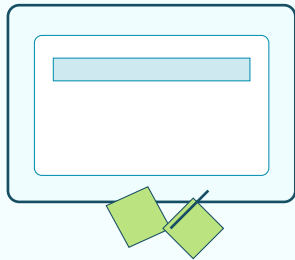

Try it

**2**

Check it

**3**

Fix it

# Today's Mission

## Our focus

Use technology tools carefully and solve simple problems.

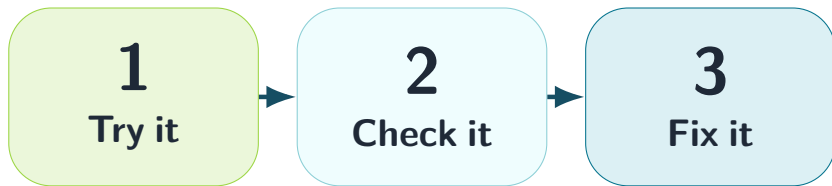

- ▶ Student completes the core task or an accessible version
- ▶ Student can explain at least one step, pattern, choice,
- ▶ Teacher captures one proof item: screenshot, observation note, exit

### Grade 2

Use the tool carefully  
and solve one  
tech problem.

Keep the next  
step visible and  
keep trying.

# How We Will Move Through It

## What to keep in front of you

- ▶ Model the first step before independent or partner work starts.
- ▶ Keep one visible checklist, anchor chart, or projected example available throughout
- ▶ Pause once mid-lesson for a quick debug, reflection, or reset point.

# If You Get Stuck

## Use this help ladder

1. Look at the slide.
2. Try one small step.
3. Ask your partner.
4. Ask one clear question.

Hidden assumptions in  
the directions can make  
support requests pile up  
Without a visible suc-  
cess cue, students may  
not know when they

Slow, clear steps  
beat rushing.

## Show What You Learned

**Student completes the core task or an accessible version**

**Student can explain at least one step, pattern, choice,**

**Teacher captures one proof item: screenshot, observation note, exit**

Finish strong

Save it, share it, explain it, or demonstrate it.
