# Today's Mission

## Our focus

Create something digital and make your ideas clear.

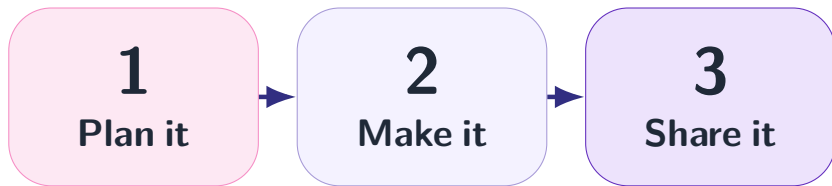

- ▶ Student completes the core task or an accessible version
- ▶ Student can explain at least one step, pattern, choice,
- ▶ Teacher captures one proof item: screenshot, observation note, exit

### Kindergarten

Create something digital that clearly shows your ideas.

Keep the next step visible and keep trying.

# How We Will Move Through It

## What to keep in front of you

- ▶ Model the first step before independent or partner work starts.
- ▶ Keep one visible checklist, anchor chart, or projected example available throughout
- ▶ Pause once mid-lesson for a quick debug, reflection, or reset point.

# If You Get Stuck

## Use this help ladder

1. Look at the slide.
2. Try one small step.
3. Ask your partner.
4. Ask one clear question.

Hidden assumptions in  
the directions can make  
support requests pile up

Without a visible suc-  
cess cue, students may  
not know when they

Saving early protects  
your hard work.

## Show What You Learned

**Student completes the core task or an accessible version**

**Student can explain at least one step, pattern, choice,**

**Teacher captures one proof item: screenshot, observation note, exit**

Finish strong

Save it, share it, explain it, or demonstrate it.
