

Responsible AI and Canva Publishing

Piter Garcia

March 20, 2026

Grade and Class Match

Grade: Grade 3

Likely blocks: Day 3 · 9:50-10:40 · Lamanaco; Day 4 · 9:50-10:40 · Lallucci; Day 5 · 9:50-10:40 · Regelsberger; Day 5 · 2:15-3:05 · Tandoi

Lesson Focus

Responsible AI discussion paired with Canva-based publishing, design, and book-promotion work.

Learning Targets

- Students identify a responsible-use idea for AI-supported work.
- Students create a visual product in Canva or a similar tool.
- Students explain one design choice or message in their work.

Materials

- Student devices
- Canva or equivalent tool
- Prompt or example visuals

Suggested Lesson Flow

1. Open with the exact device, tool, or routine students need in order to start successfully.
2. Model one example task before students begin independent or partner work.
3. Give students time to build, code, design, or document their work while circulating for support.
4. Close with a short share-out, reflection, or debugging discussion.

Source Notes

This lesson packet is enriched with transcript-derived lesson notes, the school schedule roster, and official starting-point resources. See the paired Markdown guide for clickable links.
