

Digital Coloring and Tool Routines

Piter Garcia

March 20, 2026

Grade and Class Match

Grade: Kindergarten

Likely blocks: Day 1 · 12:25-1:15 · Justinger; Day 2 · 12:25-1:15 · Kesys; Day 4 · 12:25-1:15 · Pum

Lesson Focus

Device routines, calm transitions, and simple digital creativity.

Learning Targets

- Students open and use a digital coloring tool with minimal support.
- Students follow device-handling and transition routines safely.
- Students describe one tool or action they used during the task.

Materials

- Student devices
- Digital coloring app or site
- Projected model example

Suggested Lesson Flow

1. Open with the exact device, tool, or routine students need in order to start successfully.
2. Model one example task before students begin independent or partner work.
3. Give students time to build, code, design, or document their work while circulating for support.
4. Close with a short share-out, reflection, or debugging discussion.
