

Marketing in the examples you gave us

Walmart pickup: a customer orders by phone, arrives at a pickup spot, and an employee loads the trunk.

With your group, point to two details in the image. What do those details help the business do for the customer?

Marketing concept

Satisfy customers' needs and wants while making money.

Our team's summary

"For ____, this business uses ____ to _____. That helps meet a customer need or want and helps the business make money."

Share one sentence. Then listen for a different term another group used. Give a thumbs-up when you hear evidence that fits.
