

Lesson 2: Build Your Business Pitch

Use AI Assistant to turn your idea into a clear pitch.

Today's Mission

By the end, I will have:

- ▶ a clear customer
- ▶ a clear problem
- ▶ a CS-connected solution
- ▶ 3 to 5 features or steps
- ▶ a short pitch I can present

AI Assistant helps organize and check. You make the business decisions.

Start With Your Lesson 1 Ticket

Find these four things

- ▶ Business idea
- ▶ Customer or user
- ▶ Problem
- ▶ Computer science connection

If something is missing, use AI Assistant to recover it before building.

Pitch Deck Structure

1. Business name and customer
2. Problem
3. CS-connected solution
4. Features and how it works
5. Why people would want it

Keep each slide simple: title, picture or icon, 2 to 3 short bullets.

Prompt Cards: AI Assistant

Click Copy, then paste into AI Assistant

- ▶ **Copy** My business idea is _____. Help me make a 5-slide pitch deck plan.
- ▶ **Copy** My customer is _____ and the problem is _____. Help me explain the problem clearly.
- ▶ **Copy** My solution uses computer science because _____. Help me explain that in Grade 5 words.

More AI Assistant Prompts

Use these when you are building or checking

- ▶ **Copy** Here is my slide draft: _____. What is missing from my business model?
- ▶ **Copy** Help me write a 30-second pitch. Keep it clear and student-friendly.
- ▶ **Copy** Check my business idea for privacy, safety, fairness, and accessibility.

Worked Example: RecessBuddy

Business

RecessBuddy helps Grade 5 students choose fair teams and games.

CS solution

It uses a simple algorithm to balance teams and suggest game choices.

Feature examples

Team balancer, game picker, fairness check, class rules reminder.

Check Before You Present

Ask yourself

- ▶ Did I name the customer?
- ▶ Did I explain the problem?
- ▶ Did I show the CS connection?
- ▶ Did I include safety, privacy, fairness, or accessibility?
- ▶ Can I explain the idea in 30 seconds?

What Not To Do

Do

- ▶ use short bullets
- ▶ check AI suggestions
- ▶ change words so you understand them
- ▶ practice your pitch

Do Not

- ▶ paste a full AI essay
- ▶ forget the customer
- ▶ hide the CS connection
- ▶ make promises you cannot support

Exit Ticket

Before you leave, write:

- ▶ I built ____ today.
- ▶ AI helped me ____.
- ▶ I changed or chose ____ myself.
- ▶ My strongest CS connection is ____.
- ▶ Before I present, I still need to ____.
