School Planning Goals and Inclusion

- What is expected: Given a set of yes or no questions,... | | I can actively participate in a class discussion to share personal information and learn about their classmates, demonstrating increased social awareness and interpersonal skills. | | I can with when provided with a variety of materials, students will collaboratively design and construct a tower, demonstrating critical thinking, problem-solving, and teamwork skills. | | I can be empowered to create and own the classroom rules to foster a sense of responsibility, ownership, and community.
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
