

Jobs and Skills in Computer Science

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Grade 2
- Workbook sessions: Session 19
- Class blocks: Day 1 10:45-11:35 Callon, Day 1 2:15-3:05 Hennen, Day 4 10:45-11:35 Barthelman
- Reference file: jobs-and-skills-in-computer-science.bib

School Planning Goals and Inclusion

- What is expected: I can identify a variety of jobs that use computers and computer technologies. | | I can explore the skills needed to succeed in the field of computer science. | | I can consider how to use computer programming to solve a problem in society.
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
