

What is Coding?

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Grade 4
- Workbook sessions: Session 22
- Class blocks: Day 1 1:15-2:10 Baris, Day 2 1:15-2:10 Fowler, Day 3 1:15-2:10 Schrank, Day 4 1:15-2:10 Autore
- Reference file: what-is-coding.bib

School Planning Goals and Inclusion

- What is expected: - I can decompose a task into smaller named tasks (4-6.CT.4) | - I can reframe a sequence of steps as an encoded program (4-6.CT.9)
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
