School Planning Goals and Inclusion

- What is expected: I can choose an appropriate digital tool to create a business logo (4-6.DL.2) | I can use a variety of digital tools and resources to market a business (4-6.DL.4)
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
