School Planning Goals and Inclusion

- What is expected: I can tell the steps needed to complete a daily task. (K-1.CT.4 Identify a problem or task and discuss ways to break it into multiple smaller steps.) | I can work with others to make a plan with steps to complete a task (K-1.CT.10 Collaboratively create a plan that outlines the steps needed to complete a task.)
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
