School Planning Goals and Inclusion

- What is expected: K-1.IC.6: I can identify different ways to interact with a chromebook (touchscreen, touchpad, workspace, toolbars, etc) | K-1.DL.2 K-1.DL.4: | I can use the eraser tool in SeeSaw | I can use the pen tool in SeeSaw | K-1.NSD.3: I can use the undo button when I make a mistake.
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
