

SeeSaw: Using the microphone to record your voice

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Kindergarten
- Workbook sessions: Session 30
- Class blocks: Day 1 12:25-1:15 Justinger, Day 2 12:25-1:15 Kesys, Day 4 12:25-1:15 Pum
- Reference file: seesaw-using-the-microphone-to-record-your-voice.bib

School Planning Goals and Inclusion

- What is expected: K-1.DL.4: I can use SeeSaw to create a digital artifact. | K-1.CT.4: I can break a task into smaller steps. | K-1.CT.6: I can follow steps (an algorithm) to complete a task.
- What we achieved: This lesson points to local transcript or evidence files in the workspace so the packet can be revised from what actually happened in class.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
