

Teaching Indi to make slight turns

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Kindergarten
- Workbook sessions: Session 25
- Class blocks: Day 1 12:25-1:15 Justinger, Day 2 12:25-1:15 Kesys, Day 4 12:25-1:15 Pum
- Reference file: teaching-indi-to-make-slight-turns.bib

School Planning Goals and Inclusion

- What is expected: I can identify key parts of Indi and what they do (K-1.NSD.2) | I can teach someone else about Indi and how it works (using color mats for input output) (K-1.NSD.1) | I can show Indi how to travel in different directions (K-1.NSD.1) | I can follow an algorithm to complete a task (K-1.CT.6) | I can makes changes to my program when it is not working (K-1.CT.9) | I can program Indi to travel along different paths and around objects (K-1.CT.10)
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
