Chapter 2 Weekly Lesson Plan

Marketing October 19 to 23 2026

Read the matching text, complete the day's notes, then answer the review questions. Finish and submit all notes and review by Thursday. Friday is the scheduled Chapter 2 test.

The same routine each day

Step	Time	Student directions
1 Start	4 minutes	Read the board prompt. Be ready to give one short answer.
2 Read and take notes	16 minutes	Open today's slide and book pages. Read together and complete the matching notes.
3 Work	17 minutes	Answer today's review questions independently. Then finish any earlier missing answers.
4 Finish	5 minutes	Check one answer, save your work and identify what is still unfinished.

The week at a glance

Day	Slide and printed book pages	Review questions
Monday 19	9 — Strategy, SMART and milestones; pp. 20–23	4, 5 and 8
Tuesday 20	10 — Research, customers and positioning; pp. 23–25	9
Wednesday 21	11 — Execution, budget and metrics; pp. 25–26	6 and 7; catch up
Thursday 22	12 — Appendix and bibliography; p. 26	10; check and submit all 1–10
Friday 23	13 — Brief review overview; p. 27	Scheduled test

Friday October 16 After the vocabulary quiz, turn it in and quietly complete review Q1–3 while others finish. Sources: Q1/Q3 p. 18; Q2 p. 19. Give these directions before the quiz and protect approved extra time.

Finding the pages These are printed book pages. In the separate 11-page Chapter 2 PDF, subtract 16: book 20 = PDF 4; 21 = 5; 22 = 6; 23 = 7; 24 = 8; 25 = 9; 26 = 10; 27 = 11. Review numbers refer to the separate Test Your Knowledge worksheet.

Monday October 19

Today Explain a SMART goal and how a milestone checks progress.

Open Slide 9, Marketing Strategy. Book pp. 20–23: Marketing Strategy, SMART and Milestones. Stop before Market Research. Use Figure 2.2 on p. 21; leave the p. 22 case for Tuesday.

Step	What students do
1 Start	What is missing from the goal “sell more”? Take one or two short answers.
2 Read and take notes	Read the sections and complete slide 9 notes. Improve one goal using Figure 2.2. Explain one milestone as a smaller checkpoint toward the goal.
3 Work	Complete Q4, Q5 and Q8. Q4: target market, p. 23 and Chapter 1 notes. Q5: plan elements, p. 19. Q8: SMART, pp. 20–21. Finish any missing Q1–3.
4 Finish	Check that the SMART answer explains all five letters. Save your answers.

Teacher note Use the book’s wording: Specific, Measurable, Achievable, Results-focused, Time-bound. Give one clear model; then allow work time.

Tuesday October 20

Today Explain how research helps a business understand customers and competitors.

Open Slide 10, Marketing Strategy (Cont.). Book pp. 23–25: Market Research through Marketing Mix and Positioning. Stop before Execution Plan. Start with the Practical Marketing case on p. 22.

Step	What students do
1 Start	Read the p. 22 Be the Match case. Answer one question: Who was the campaign trying to reach?
2 Read and take notes	Read and complete slide 10 notes. Reuse that case to explain target market, customer profile and reaching an audience. Use one brief four-P example for positioning.
3 Work	Complete Q9 using Competitive Analysis on p. 24. Then correct or finish earlier answers. Recheck Q4 against Target Market on p. 23.
4 Finish	Share one useful thing a business could learn from a competitor. Save your work.

Teacher note Keep the same case. Explain a customer profile as details about a typical customer. Avoid adding a new business-selection or pair activity.

Wednesday October 21

Today Explain a marketing budget and how to tell whether a campaign worked.

Open Slide 11, Execution Plan. Book p. 25: Execution Plan and Budget; p. 26: Metrics. Stop before Appendix.

Step	What students do
1 Start	Return to the p. 22 case: What result would show that the campaign helped?
2 Read and take notes	Read and complete slide 11 notes. Budget = planned marketing costs. Metric = a measure of results. Model one example: compare donations before and after a campaign. Impressions count views; they are not donations.
3 Work	Complete remaining Q6 and Q7 using earlier notes: executive summary p. 19; PEST pp. 19–20. Then catch up on Q1–9. Leave extra application for Thursday only if needed.
4 Finish	Explain one way to measure a result. Save your work and note any missing answers.

Teacher note Explain the measure before asking students to choose one. Keep this lesson focused; omit the multi-step chain and separate pair task.

Thursday October 22

Today Finish Chapter 2 and submit notes and review.

Open Slide 12, Appendix. Book p. 26: Appendix and bibliography. The review overview is p. 27.

Step	What students do
1 Start	What could a chart or photograph help a reader understand in a marketing plan?
2 Read and take notes	Briefly read Appendix and complete the final notes. Appendix = supporting material. Bibliography = sources used. Use the rest of this time for unfinished reading or notes.
3 Work	Complete Q10 (p. 26). Check Q1–10 and all notes. Correct missing or unclear answers, including the appendix part of Q5. Submit notes and review in the established assignments.
4 Finish	Check that both submissions show as turned in. Resolve any remaining question with the teacher and confirm Friday's test directions.

Teacher note Use the time freed by the short appendix section for Wednesday's unfinished work. Add no new project. Keep the Friday test date.

Friday October 23

Give a brief slide 13 recap and test directions within the first five minutes, then close the content slide and begin the scheduled test. Follow established accommodations and approved extra-time arrangements. Collect work and record make-ups privately.
