PEST analysis for your business

How could outside changes help or hurt your business?

Choose one business. Explain its opportunities and risks.

30 minutes

Activity sequence

Instructions and grading: 3–5 min
Business and target market: 2 min
P / E / S / T: 3 min each = 12 min
Business summary: 5 min
Buffer and Terms to Know: 6–8 min

A 30-minute planning window

Proficiency and deeper reasoning

3 Proficient
Accurate PEST categories, relevant examples, + and – impacts explained in complete thoughts, and a clear business response.

4 Exceeds
Meets level 3 and independently explains a justified priority, trade-off, or connection between factors.

Proposed grading for SBTE review

Developing understanding

2 Developing
Some relevant ideas, but impacts or business connections are incomplete or unclear.

1 Initial
Limited relevant evidence so far; substantial support needed to explain the effects.

Use your textbook and notes. Ask for clarification.

Explain the impact, not just a keyword

Political influence

Stricter food-safety rules

+ Compliance may strengthen customer trust.

– Training and equipment may increase operating costs.

Second reveal: negative impact

Business and target market

Write your business name.

Who is the business trying to serve?

Use a real or realistic business you can explain.

2 minutes

P Political

Government policies, laws, or intervention

What outside rule or policy could affect this business?

Example/factor
+ Positive impact and why
– Negative impact and why

3 minutes

E Economic

Inflation, consumer income, exchange rates, or credit

What outside economic change could affect costs or demand?

Example/factor
+ Positive impact and why
– Negative impact and why

3 minutes

S Social

Population, education, social patterns, or preferences

What change in the customers or community could affect demand?

Example/factor
+ Positive impact and why
– Negative impact and why

3 minutes

T Technological

Access to technology or the rate of technological change

What outside technology change could affect access, service, or competition?

Example/factor
+ Positive impact and why
– Negative impact and why

3 minutes

Business summary

How could your PEST findings affect the business's potential success?

How would the business use a positive impact?
How would it respond to a negative impact?

Explain the reason for each response.

5 minutes

Completion check and Terms to Know

Business and target market
All four PEST sections
Connected examples and explained + / – impacts
Summary with business responses

Then practise Terms to Know for Thursday’s quiz.

Remaining 6–8 minutes
