School Planning Goals and Inclusion

- What is expected: flashlights (1 per pair) | chart paper | markers | whiteboard or paper for students | Light Code Key (Prepare on chart paper or Individual handouts)
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
