

Lesson on Engineering Design Process, Day 1 (Famous Landmarks, Pebble Go)

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Grade 2
- Workbook sessions: Session 4
- Class blocks: Day 1 10:45-11:35 Callon, Day 1 2:15-3:05 Hennen, Day 4 10:45-11:35 Barthelman
- Reference file: lesson-on-engineering-and-design-process-day-1-famous-landmarks-pebble-g.bib

School Planning Goals and Inclusion

- What is expected: I can learn about famous landmarks, identify their key features, and design and build their own models using various materials.
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
