## School Planning Goals and Inclusion

- What is expected: I can explain what links or pop-ups (clickbait) that I should not click on in an app or online. | I can describe how to report any unusual behavior online to a trusted adult
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
