

Current Events in Computing Technology (Creating an Infographic in Canva) Day 2

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Grade 5
- Workbook sessions: Session 13
- Class blocks: Day 2 10:45-11:35 Pickett, Day 3 10:45-11:35 McGlashon, Day 5 10:45-11:35 Pecora
- Reference file: `current-events-in-computing-technology-creating-an-infographic-in-canva.bib`

School Planning Goals and Inclusion

- What is expected: I can explain current events that involve computing devices | I am aware of who has access to data in the digital spaces I am using
- What we achieved: This lesson points to local transcript or evidence files in the workspace so the packet can be revised from what actually happened in class.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
