

All About Computers

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Kindergarten
- Workbook sessions: Session 8
- Class blocks: Day 1 12:25-1:15 Justinger, Day 2 12:25-1:15 Kesys, Day 4 12:25-1:15 Pum
- Reference file: all-about-computers.bib

School Planning Goals and Inclusion

- What is expected: K-1.NSD.1: I can identify ways people provide input and get output from computing devices. | K-1.NSD.2: I can name/label parts of a chromebook (computer hardware) | K-1.CY.1: I can identify reasons for keeping information private | K-1.CY.2: I can identify simple ways to keep my account secure
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
