

What is Coding?

Piter Garcia

March 20, 2026

Quick Scan

- Grade: Kindergarten
- Workbook sessions: Session 19
- Class blocks: Day 1 12:25-1:15 Justinger, Day 2 12:25-1:15 Kesys, Day 4 12:25-1:15 Pum
- Reference file: what-is-coding.bib

School Planning Goals and Inclusion

- What is expected: I can follow an algorithm to complete a task. K-1.CT.6 | I can identify and fix (debug) errors within a simple algorithm. K-1.CT.9 | I can collaboratively create a plan that outlines the steps needed to complete a task. K-1.CT.10
- What we achieved: No direct transcript match is attached yet. Treat this lesson as workbook-backed and enrich it when a matching classroom transcript is available.
- What needs improvement: stronger proof, cleaner assessment notes, and tighter lesson artifacts.
- How to improve: add transcript proof, one saved artifact, and clearer success criteria.
- Inclusion focus: use visual modeling, chunked directions, predictable routines, and flexible participation roles.
