

Foundational Coding and Directional Loops

Plan it. Make it. Share it.

Bright cues, repeated colors, and short steps help this class keep going with confidence.

1

Pick a plan

2

Make it

3

Show it

What Are We Doing Today?

Our Goal

I can follow the steps.

Success looks like this:

- ▶ I can follow the steps.
- ▶ I can make or improve something.
- ▶ I can show my learning.

Grade 1
Primary learners
who can take on
playful structure
when directions
stay concrete,

Grade 1

What You Need

READY

Get set

- ▶ Open with a short model that names the lesson focus:
- ▶ Keep one visible success criterion or checklist posted during work
- ▶ End with one observable proof move: explain, submit, save, demonstrate,

TEAM

How we work

- ▶ Look
- ▶ Listen
- ▶ Try
- ▶ Help without taking over

**Ready body
ready brain**

Our Big Plan

Keep your eyes on the color

Red means begin. Yellow means work. Green means show.

If You Get Stuck

Our Help Ladder

Try the next small support before you freeze.

1. Look at the slide.
2. Look at your checklist.
3. Ask your partner.
4. Ask the teacher one clear question.

Watch for this:

- ▶ Hidden assumptions in the directions can make support requests pile up
- ▶ Directions can feel hidden
- ▶ Students may not know they are done

Look at
the slide

Check your
list

Ask your
partner

Ask the
teacher

Before We Finish

I finished an important part

I can explain one choice

I can show my work

Exit move

Save it, hold it up, point to it, or explain it.
