

# My First Experience with Coding

Plan it. Make it. Share it.

**Bright cues, repeated colors, and short steps help this class keep going with confidence.**

**1**

Pick a plan

**2**

Make it

**3**

Show it

# What Are We Doing Today?

## Our Goal

I can follow the steps.

### Success looks like this:

- ▶ I can follow the steps.
- ▶ I can make or improve something.
- ▶ I can show my learning.

**Grade 1**  
Primary learners  
who can take on

playful structure  
when directions  
Day 3 '12:25-1:15'  
stay concrete,

Gargana, Day 3

'2:15-3:05' Polfleit,

Day 5 '12:25-

1:15' Montgomery

# What You Need

## READY

### Get set

- ▶ Begin by naming the lesson purpose and the success condition
- ▶ Model the first step before independent or partner work starts
- ▶ Pause once mid-lesson for a quick debug, reflection, or reset

## TEAM

### How we work

- ▶ Look
- ▶ Listen
- ▶ Try
- ▶ Help without taking over

**Ready body  
ready brain**

# Our Big Plan

Keep your eyes on the color

Red means begin. Yellow means work. Green means show.

# If You Get Stuck

## Our Help Ladder

Try the next small support before you freeze.

1. Look at the slide.
2. Look at your checklist.
3. Ask your partner.
4. Ask the teacher one clear question.

## Watch for this:

- ▶ Hidden assumptions in the directions can make support requests pile up
- ▶ Directions can feel hidden
- ▶ Students may not know they are done

Look at  
the slide

Check your  
list

Ask your  
partner

Ask the  
teacher

## Before We Finish

**I finished an important part**

**I can explain one choice**

**I can show my work**

Exit move

Save it, hold it up, point to it, or explain it.
