

Block Coding with Bees

Challenge Time: Build, Test, Improve.

These learners can handle richer challenges when examples, checkpoints, and debugging moves stay visible.

Notice

Build

Explain

Mission Goal

Today we will

I can follow the steps.

- ▶ I can follow the steps.
- ▶ I can make or improve something.
- ▶ I can show my learning.

Upper-primary
learners who can
sustain design
and robotics
challenges when the
structure supports

Grade 3

Mission Map

Tools and setup

- ▶ Open with a short model that names the lesson focus:
- ▶ Keep one visible success criterion or checklist posted during work
- ▶ End with one observable proof move: explain, submit, save, demonstrate,

Checkpoint and Help Moves

If something feels hard

1. Check the mission map.
2. Re-read the direction.
3. Ask your partner what step you are on.
4. Ask one clear question.

Hidden assumptions

in the directions
can make support

requests pile up
Directions can
feel hidden

Students may not
know they are done

Show Your Learning

I finished an important part

I can explain one choice

I can show my work

End-of-lesson move

Save it, show it, point to it, or explain it in your own words.
