

Block Coding with Sphero

Challenge Time: Build, Test, Improve.

These learners can handle richer challenges when examples, checkpoints, and debugging moves stay visible.

Notice

Build

Explain

Mission Goal

Today we will

I can follow the steps.

- ▶ I can follow the steps.
- ▶ I can make or improve something.
- ▶ I can show my learning.

Upper-primary
learners who can
sustain design
and robotics
challenges when the
structure supports

Grade 3

Mission Map

Tools and setup

- ▶ Open with a short model that names the lesson focus:
- ▶ Keep one visible success criterion or checklist posted during work
- ▶ End with one observable proof move: explain, submit, save, demonstrate,

Checkpoint and Help Moves

If something feels hard

1. Check the mission map.
2. Re-read the direction.
3. Ask your partner what step you are on.
4. Ask one clear question.

Device-to-robot
pairing and setup can
split attention quickly
One partner may take

over unless roles are
named and revisited

Students may not
know they are done

Show Your Learning

I finished an important part

I can explain one choice

I can show my work

End-of-lesson move

Save it, show it, point to it, or explain it in your own words.
