

Introducing Choice Board & STEM Challenge Lesson

Mission Board: Learn, Test, Improve.

Intermediate learners benefit from a clear mission board, visible debugging routine, and fewer hidden setup steps.

Mission Flow

Tools and setup

- ▶ Begin by naming the lesson purpose and the success condition
- ▶ Model the first step before independent or partner work starts
- ▶ Pause once mid-lesson for a quick debug, reflection, or reset

Debug and Get Unstuck

Use this order

1. Re-check the goal.
2. Re-check the current step.
3. Test one small change.
4. Ask one specific question.

Some groups need

support organizing
materials and sticking

Explaining the
with one plan

design can be harder
than making it

without sentence

Students may not
know they are done

Proof of Learning

I finished an important part

I can explain one choice

I can show my work

Before you leave

Save it, share it, explain it, or demonstrate it.
