

STEM Challenge Lesson or FLEX Day as needed

Look. Try. Share.

**Big visuals, one direction at a time, and
lots of chances to point, move, and show.**

1

Pick a plan

2

Make it

3

Show it

What Are We Doing Today?

Our Goal

I can rethink my ideas to improve my design

Success looks like this:

- ▶ I can rethink my ideas to improve my design
- ▶ I can work with a partner
- ▶ I can communicate my ideas

Kindergarten
Early elementary

learners who

benefit from

visual modeling,

predictable routines,

Justinger, Day 2

What You Need

READY

Get set

- ▶ Begin by naming the lesson purpose and the success condition
- ▶ Model the first step before independent or partner work starts
- ▶ Pause once mid-lesson for a quick debug, reflection, or reset

TEAM

How we work

- ▶ Look
- ▶ Listen
- ▶ Try
- ▶ Help without taking over

**Ready body
ready brain**

Our Big Plan

1

Break the design process into plan, build,

2

Work one part at a

Show w

Keep your eyes on the color

Red means begin. Yellow means work. Green means show.

If You Get Stuck

Our Help Ladder

Try the next small support before you freeze.

1. Look at the slide.
2. Look at your checklist.
3. Ask your partner.
4. Ask the teacher one clear question.

Watch for this:

- ▶ Some groups need support organizing materials and sticking with one plan
- ▶ Explaining the design can be harder than making it without sentence
- ▶ Students may not know they are done

list

Ask your
partner

Ask the
teacher

Before We Finish

I finished an important part

I can explain one choice

I can show my work

Exit move

Save it, hold it up, point to it, or explain it.
