PEST Analysis for My Business

Business _____

Target market _____

Partners _____ and _____ Block _____

For each category, give an external factor/example and explain a possible positive (+) and negative (−) impact on your business. *Use business terms and complete thoughts. Textbook pp. 19–20 may help.*

One partner explains; the other records. Switch roles each category. Both explain why.

More room: continue any answer on the back (page 2). Label it P, E, S, or T. The business summary is on the back.

P Political

Government policies, laws, intervention

Factor/example

+ Positive impact and why

− Negative impact and why

E Economic

Inflation, income, exchange rates, credit

Factor/example

+ Positive impact and why

− Negative impact and why

S Social

Population, education, social patterns

Factor/example

+ Positive impact and why

− Negative impact and why

T Technological

Technology access and change

Factor/example

+ Positive impact and why

− Negative impact and why

Business Summary

How could these impacts affect success? How would your business use a positive impact and respond to a negative impact? Explain why.

PEST continuation

Continue any factor, example, or impact here. Write P, E, S, or T beside each answer.

Check: all four categories, connected examples, +/− impacts, and business responses.
